EMBEDDED SYSTEMS SOLUTIONS

www.embeddedindia.com

Embedded Systems Solutions has been a leading ONE STOP PROVIDER of hardware and software solutions for the embedded systems market, since 1996.

Embedded Systems Solutions (ESS) is an Electro Systems Associates (ESA) group company. ESA was incorporated in the year 1986 by a small group of highly qualified technocrats with sound business acumen and strong technical skills.

ESS together with its associate companies, possesses in-depth expertise and vast experience with real-time embedded systems and

development tools. ESS proficiently partners with technology leaders worldwide to bring forth an ecosystem of highly integrated embedded hardware and software solutions, tools and products to India. These products range from Development Suites, Middleware Solutions, In Circuit Debuggers and Emulators, Connectivity Solutions, Protocol Analyzers, Digital Storage Oscilloscopes and Hardware Subsystems. ESS's synergetic product portfolio holistically supports design, development and debugging of embedded systems.

WHAT WE DO?

Software Quality Tools PCB Design
Embedded Linux JTAG debuggers
Connectivity Solutions Android Debugging
Multi Core Debugging Tools DSOs RTOS
Compilers Ecosystem Evaluation Kits
Protocol Analyzers Boundary Scan
Embedded Development suites

**LEADING
ONE STOP
PROVIDER FOR
EMBEDDED
SOLUTIONS**

PRODUCT PORTFOLIO

COMPILERS AND IDE

DEBUGGERS AND EMULATORS

EDUCATIONAL TOOLS

PROTOCOL ANALYZERS AND STORAGE EMULATORS

EVALUATION BOARDS AND DEVELOPMENT KITS

DATA ACQUISITION AND INDUSTRIAL CONTROL

IOT

TEST AND MEASURING INSTRUMENTS

SEMICONDUCTOR COMPONENTS

RTOS AND MIDDLEWARE

EMBEDDED PC AND ADD ON CARDS

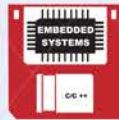

DEVICE PROGRAMMERS

CONNECTIVITY SOLUTIONS

#37, 'Embedded Home',
36th Cross, II Block, Rajajinagar,
Bangalore-560010
T : 91-80-23577924, 23521165
E (Sales): sales@embeddedindia.com
E (Support): support@embeddedindia.com

ESS serves a broad range of embedded market verticals including Automotive, Aerospace, Defense, Education, Electronics Design/Manufacturing, Energy, Industrial Automation, Instrumentation, Medical Devices, Semiconductor and Telecom/Datacom.

ESS's technical staff has been certified as ARM Tools Experts.

ESS's team of technical experts are adept in precisely identifying client needs, recommending end to end solutions, training and supporting client teams while they learn to effectively leverage the entire toolset features.

ESS also provides product development and total system solutions including application development in C and C++, assembly coding, firmware and device driver development, RTOS porting to target systems and custom board design.

ESS is an active member of India Electronics Semiconductor Association (IESA), a premier trade body representing the Indian Electronic System Design and Manufacturing (ESDM) industry.

ESS is also a member of ARM connected community.
