

Test Equipment of Automobile Electrical Parts and Environmental Loads

ASR-2000/ASR-3000 Series
500VA-4KVA AC/DC Power Source

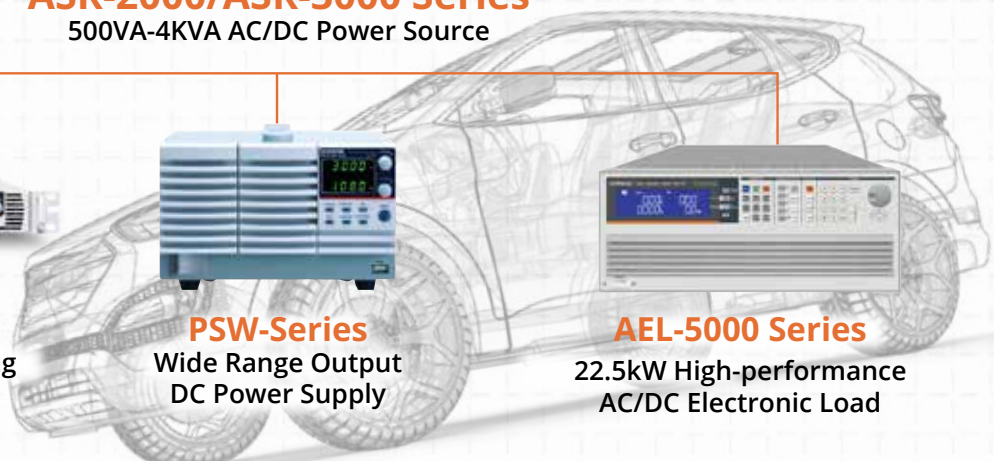

PSU-Series
6kW Programmable Switching
D.C. Power Supply

PSW-Series
Wide Range Output
DC Power Supply

AEL-5000 Series
22.5kW High-performance
AC/DC Electronic Load

Automotive Test waveforms for ISO16750 & ISO7637 included

Reliability Test

GPT-12000/9000 Series
200VA/500VA Safety Analyzer

GDS-3000A Series
650MHz /350MHz BW, 2
Input Channels, 5-2.5GSa/S

**GDM-906x Dual
Measurement Multimeter**
Vehicle Temperature Measurement and
Monitoring Solution

ISO16750-2 Electric Load Tests
